

**REMARKS**

The Examiner has issued a Restriction Requirement among six Groups of Claims, below:

**Group I:** Compounds in Claims 1-4, 6, 14-16 and 29-30, and their compositions

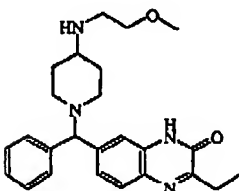

**Group II:** Claims 12 and 26-28 to combination compositions

**Groups III, IV and V:** Methods of treatment

**Group VI:** Process of making compounds, Claim 13

Applicants elect Group I, Claims 1-4, 6, 14-16 and 29-30, and their compositions. Applicants further argue that the process for making the compounds, Group VI, can be examined together with the compound claims without requiring an additional search burden from the Examiner.

For search purposes, and election of the species within the elected group, Applicant elects Compound 2, the structure of which is

compound 2  
C<sub>2</sub>H<sub>2</sub>O<sub>4</sub> (2:5)

This compound is claimed in Claim 4, and Claims 1-4, 6, 14-16 and 29-30 read on the elected invention.

Examination on the merits is respectfully requested.

Respectfully submitted,

/Hesna J. Pfeiffer/
